NORWAY LOSES 55TH SHIP BY NAZI ACTION SINCE WAR STARTED

Sinkings Since January 1

Since Jan. 1, 1940, the following 16 Norwegian ships have been sunk by enemy action:—
Malax (1,313 tons), Fredville (1,150), Songa (2,589), Sydfold (2,434), Pluto (1,589), Biarritz (1,752), Gudveig (1,300), Hoesanger (1,591), Fram (2,760), Tempo (629), Kvernnaas (1,819), Nidarholm (3,482), Sangstad (4,297), Eika (1,593), Snesstad (4,114) and Steinstad (2,477).

NO AUSTRALIAN WOOL FOR GERMANY

SYDNEY, Apr. 7 (Reuter)—The Government has decided upon far-reaching measures to tighten the Allied contraband control.

Henceforth wool exports will be limited to countries which guarantee to refuse their own exports to Germany.

Spain has already arranged for a big purchase of Australian wool and wool exports have been fixed on similar terms to several Balkan countries, particularly Hungary and Greece.

Vessel Torpedoed In Scottish Waters: All Officers Killed

SINCE THE OUTBREAK OF WAR ON SEPTEMBER 3, 1939, NORWAY HAS LOST NO LESS THAN FIFTY-FIVE SHIPS AS THE RESULT OF ACTION BY GERMAN SUBMARINES, PLANES OR MINES.

THE FIFTY-FIFTH SHIP is the NAVARRA, of 2,118 tons.

According to a Reuter message from London last night, the Navarra was torpedoed by a U-boat without warning in northern Scottish waters early on Saturday.

The vessel sank within a few minutes.

All the officers of the Navarra and nine members of the crew were killed, the message adds.

Fourteen survivors were picked up from the ship's boat by a neutral vessel and were landed on Saturday night.

Adding to the ruthless nature of the attack is the fact that, according to the Reuter report, the crew of the Navarra saw the U-boat which remained in the vicinity of the sinking for half-an-hour without attempting rescue work.

The Navarra, which is a steel screw vessel of 285 feet in length, was built in 1920 by Messrs. Osbourne, Graham and Company, Ltd., Sunderland.

UNUSUAL STREET ACCIDENT

An unusual accident befell a middle-aged Chinese on Saturday when he was seriously scalded by a pot of burning oil in Centre Street.

The man, whose name was not available yesterday, was carrying the oil along Centre Street when he slipped. The oil was poured over his face and body.

His condition was extremely grave, and he was admitted yesterday morning to the Queen Mary Hospital almost at the point of death. He was not expected to live. It was stated.

Diplomatic & Economic Offensive By Allies

Conference In London Today

The Allies' diplomatic and economic offensive, which is now under way, falls into three parts.

Firstly, the Notes to Norway and Sweden about the Allies' intention to intensify the blockade.

Secondly, the Monnet-Cross conversations designed to tighten the blockade.

Thirdly, the opening of the talks tomorrow between Lord Halifax and the British Ministers in the Balkans.

Reuter's diplomatic correspondent learns that the British Notes to Norway and Sweden contain no intimidating clauses but convey a statement and reservation of British rights in dealing with German attempts to use Scandinavian waters as a covered way for evading the blockade.

M. Monnet and Mr. Cross have already agreed the blockade had some holes in contraband control.

The Foreign Office conference with the new Government trading organisation behind it will discuss how best to trade in the Balkans can be directed to the Allied advantage, and to divert every ton of vital material that might help Germany to prolong the war.

DR. SCHACHT

The correspondent further learns that the conference will face the prospect that Dr. Schacht may be brought back from seclusion to try to head off the Allied intentions but the Allies are not worried by the prospect because the Allies possess the money, machinery and determination which will make their policy effective and no financial wizard, it is contended, can resist this pressure with blocked currency and barter as the only weapons.

The Ministries of Supply and Economic Warfare are as much concerned with the proceedings of the diplomatic conference as the Foreign Office itself and the Ministers from the Balkans will find themselves co-operating in an enterprise that far exceeds the bounds of diplomacy as it was formerly understood.

M. Monnet is the French Minister of Blockade and Mr. R. H. Cross the British Minister for Economic Warfare.

SEARCH RECALLED

It was reported by Reuter on Mar. 23 that according to reports from Gibraltar, the Italian liner Conte-di-Savola (48,502 tons) was held up for 13 hours and thoroughly searched in an attempt to find Dr. Hjalmar Schacht, the Nazi financial expert, who was rumoured to be on board en route to the United States.

The ship's captain was alleged to have stated that Dr. Schacht was not on board.

Totally Blind Flight

LANGLEY FIELDS, VIRG., Apr. 7 (Reuter)—The first totally "blind" flight in the history of aviation was completed when a Army's twenty-two-and-a-half ton bomber landed after a flight from Mitchell Field, New York.

The pilot took-off, flew and landed entirely by means of instruments.

NAZI PRESS ON JAPAN AS AN ALLY

Special to H. K. Daily Press.

AMSTERDAM, Apr. 7 (Havas)—

The German press continue to publish lengthy articles trying to demonstrate to the German public that Germany will, at the decisive moment, get a precious ally in the person of Japan whose aspirations are fundamentally identical with those of the Reich.

The Rheinisch-Westfälische Zeitung, in an editorial, says "Japan is interested in a German victory and it understands its true interests, will give us open support."

The Koelnische Zeitung, developing the same theme, declares that Japan is threatened by the United States.

"American naval manoeuvres in the Pacific continue a provocation for Japan. The island empire must look upon these manoeuvres, in the light of Mr. Roosevelt's aggressive policy, as a symptom of American determination to oppose the formation of a new order in Asia," the paper adds.

DEATH OF GEN. SIR FELIX READY

ENTERED ARMY IN 1891

LONDON, Apr. 7 (Reuter)—The death has occurred of General Sir Felix Fordal Ready, G. B. E., K. C. B., C. S. I. C. M. G., D. S. O., Colonel of the Royal Berkshire Regiment since 1930, at the age of 68 years.

He was quarter-master general to the Forces 1931 until 1935 when he retired.

Son of the late Colonel J. T. Ready of Hawkeston, Kent, Sir Felix served in the Sudan 1898-99 and in the European War, 1914-18. He was General Officer Commanding 1st Division, Aldershot, from 1923 to 1930. He was promoted General in 1934, after having entered the Army in 1891.

FAMOUS JOCKEY DEAD
LONDON, Apr. 7 (Reuter)—The death has occurred in Australia of Frank Wootton, the famous British jockey.

LONDON, Apr. 7 (Reuter)—The Air Ministry announced that air-men's children's allowances will be on the same scale as the Navy and Army.

Allies Have Not Killed Neutral Sailors

LONDON, APR. 7 (REUTER)—THE STOCKHOLM SOCIAL DEMOKRATEN POINTS OUT THAT MR. WINSTON CHURCHILL IS THE MOST HATED MAN IN GERMANY BECAUSE HE IS THE MOST FEARED.

It is difficult to say, as yet whether Mr. Churchill's influence will strike neutrals, but in any case Germany's responsibility for nearly 1,000 neutral sailors' deaths deprives her of any moral right to comment on the Allied violations on neutrality who have not caused a single neutral sailor's death.

It is to be hoped that Britain keeps her promise to respect neutral rights in the blockade intensification, but one wonders why Britain should observe rules that are systematically broken by Germany.

TO STOP EVERYTHING

The Gothenburg Ny Tid says it is difficult to know of the blockade effectiveness, but descriptions from Germany show that the position there gradually worsens.

The Allies intend to stop everything to shorten the war and the decision means that neutrals are threatened on both sides.

"We must acknowledge that the threats are worse from Germany as the Allies' methods are much better for neutrals than the sinking of ships and killing of seamen."

GERMANS HATE HIM—THEY FEAR HIM.

WUYUAN IS RETAKEN BY CHINESE TROOPS

General Fu Receives Many Congratulatory Messages

CHUNGKING, April 7 (Central)—Much significance is attached by Chinese official circles to the recent recapture of Wuyuan which occupies a strategic position in western Suiyuan.

Besides Generalissimo Chiang Kai-shek, Mr. Tai Chiao, President of the Examination Yuan, Dr. Chu Chia-hua, Director of the Organisation Department of the Central Kuomintang Headquarters, and other high officials have sent congratulatory messages to General Fu Tso-yi, Chairman of the Suiyuan Provincial Government, who directed the operations.

A Shihshui message states that Chinese troops won a victory over the Japanese southwest of Fenghsin, 23 miles west of Nanchang in Kiangsi, yesterday.

The Chinese launched an attack from several directions. After breaking through the Japanese defences, they engaged in hand-to-hand fighting with the enemy and drove them away. Over 200 Japanese casualties were inflicted.

SHIHSHUI SKIRMISH

From Shihshui it is learned that street fighting again took place at Kungmoon on the night of April 2, after the Chinese had broken into the city in a sudden raid. The headquarters of the Japanese gendarmerie was attacked.

JAPANESE PLANES DESTROYED

CHUNGKING, Apr. 7 (Central)—The National Relief Association has addressed a telegram to the Chinese Air Force congratulating it on the destruction of about 30 Japanese grounded aircraft during the raids on enemy aerodromes at Yuncheng, in south Shanxi, and Yoyang, in north Hunan.

In addition, the Association appropriated \$5,000 as a comfort fund.

DOUBLE DISASTER

SOMEWHERE IN SHANTUNG, Apr. 7 (Central)—A Japanese military train on the Kiaotsu Railway in Shantung suffered a double disaster west of Kiaotsu on the night of March 28, when after having been blown up by a mine, it was attacked by Chinese guerrillas lurking around.

The locomotive was completely wrecked by the explosion and five coaches were derailed. Many Japanese soldiers were killed and wounded and one was taken prisoner.

Nazi Plan To Conquer Europe Is Subject Of Coloured Poster!

THE NAZI TEN-YEAR PLAN TO CONQUER EUROPE, which was first discovered by the Czech police during a raid in 1938 on the Henlein headquarters in Prague, has been issued by the Ministry of Information in the form of a coloured poster, says a Reuter message from London.

The programme of acquisition, according to this document, is as follows:—

1939—RUMANIA, YUGOSLAVIA AND BULGARIA;

1940—DENMARK, HOLLAND, BELGIUM, SWITZERLAND, UKRAINE AND NORTH FRANCE;

1941—SCANDINAVIA;

PORTUGAL later; and

BRITAIN before 1948.

Copies of the timetable were sent secretly to Nazi Party organisers in Austria and later to Czechoslovakia with detailed instructions to select their tools and foment campaigns of disobedience to the ruling Governments, adds the Ministry of Information.

GERMAN WAR CASUALTIES

PARIS, Apr. 7 (Reuter)—A message from the German frontier says that 15,000 German casualties from the Western Front were sent to hospitals in Bohemia.

TRADE WAR WORRIES NAZIS

LONDON, Apr. 7 (Reuter)—The New York Herald-Tribune has received a dispatch from Berlin headlined "Nazis worried by trade war call Allied competition unfair."

The article speaks of the concern felt in Berlin over the future of the Reich's export and import trade and quotes the Deutsche Volkswirt, described as the leading economic weekly, as listing weak spots in the German armour against the Allied blockade.

In an editorial, on Sitzkrieg versus Blitzkrieg, the paper says that the Allied strategy is Sitzkrieg to be waged as intensively as geography permits until France and Britain has caught up and out-matched German air power and have armies to back up the air threat.

ANOTHER SURPRISE IN INTERNATIONAL SOFTBALL SERIES

India Win: Portugal's Two Costly Errors

IN KEEPING WITH THE UPSETS OF LAST WEEK, India pulled off a much bigger surprise by taking the Portuguese boys by the odd run in nine, although outplayed, in the semi-final of the International Softball Series yesterday.

Of Portugal's four errors, two were so costly that their hard-hitting team-mates could not make up for the markers conceded. George Souza, of the H. B. Club played a grand game at the Key-stone Sack and also connected for two bingles.

The Indians were helped by a triple from Bakar who drove in Bux and Ismail but, as far as statistics were concerned, should not have obtained the honours.

Tony Alves' wild throw in the second, allowed the winners two which meant all the difference between victory and defeat.

In the other semi-final match, Britain defeated the Philippine Islands by 14 runs to 3.

GOOD DISPLAY BY BRITISH GIRLS

The British girls gave a remarkably good display against the all-conquering Chinese and, that the final margin was mere three runs, was a tribute to the steady hurling of Maude Read who, although not as effective as Mary Louie, certainly did a surprising job. May Ching hit for the circuit for the Chinese while other hard hitters were Jean Lee and Mary Ma who both doubled.

Ivy Stone had a double in her two hits which led the batting averages for the British team although Mary Lachlan had two singles.

DOUBLE-PLAY

The Chinese girls pulled off a sparkling double-play early in the game when May Chung with a perfect throw, pegged out Mrs. Burson at first base, for Lily Ma to wing to Mabel Louie to snap Betty Longbottom.

Even though the attendance was not up to the mark that the officials of the League had set the "paid attendance could be considered very satisfactory. As it appears

EASTERN BEAT ROYAL SCOTS NARROWLY

Navy Causes An Upset Against Middlesex

Four games in the First Division of the Soccer League were played off on Saturday.

In a thrilling game Eastern beat Royal Scots by the only goal scored after a goalless first half, Hsu Ching-to being the scorer, while an equally interesting encounter was seen between the Navy and Middlesex, the former surprisingly winning by the same margin, also after a goalless first half, Le Page netting late towards the end of the game.

South China "B" easily disposed of Kowloon by two goals to nil, both goals being scored by Yeung Kun-po while the game between Kwong Wah and St. Joseph's was a fairly evenly contested affair which ended in a win for the Chinese team by the odd goal in three.

Lee Yan-leung and Chow Man-chi were the scorers for Kwong Wah and Castilho for the Saints.

HAU'S NEAT GOAL

The Eastern—Royal Scots game was a very closely contested affair and looked like being a draw until the last minute when Chung Yung-sun brought the ball well up before centering across the goal-mouth to Hsu who slipped the ball neatly past Duncan without giving the latter a chance.

The teams were:—

EASTERN—Lau Hin-hon; Tsang Chung-wan and Kong Seng-keng; Lau Shih-tsang, Hsu King-sing and Woo Chi-tsang; Chung Yung-sun, Cheung Kam-hoi, Lee Tack-kee, Cheng Ying-kuen and Hsu Ching-to.

ROYAL SCOTS—Duncan; Nay-smith and Fraser; Simons, Falconer and Clarke; Munro, Gordon, Hossack, Fleming and C. Roy.

NAVY'S WIN

Navy's defeat of Middlesex was the surprise of the afternoon, playing under very difficult conditions, with a strong cross-wind, both teams were greatly handicapped, it being hard to judge the flight of the ball.

NAVY—Robinson; Roughly and O'Regan; Honeywell, Nicholson and Britt; Phippen, Le Page, Jackson, Green and S. Robinson.

MIDDLESEX—Jackson; Sheehan and Cooper; Freshwater, Bright and Wilkinson; Coomer, Pearson, Riches, Maribel and Thomas.

ONE-SIDED AFFAIR

Playing at the home ground on Saturday, South China "B" defeated the Kowloon XI by two clear goals.

The latter played a losing game from the beginning. Their defence was weak and their attack feeble, and it was surprising that they did not suffer a heavier defeat.

The home team played a good game. Of the forwards, Chan Tak-fai was most prominent. Both goals were scored by Yung Kun-po.

A CLOSE GAME

Kwong Wah beat the St. Joseph's by the odd goal in three. The Saints took the lead soon after the kick-off through Castilho, but the score was equalised by Lee Yam-leung almost immediately. Chau Man-chi netted the winning goal for the Kwong Wah in the second half.

THE JUNIORS

In the Second Division South China beat the Royal Engineers by three nil.

Three games were played in the Third Division.

R.A.S.C. drew with International, each side scoring a goal.

12th Heavy Batty R.A. trounced South China to the tune of seven nil, and Royal Scots beat Electric three nil.

Two Schools Of Thought

CROSS-CURRENTS IN INDIA

LONDON, Mar. 8 (By Air Mail).—Two schools of thought have now emerged regarding likely political developments in India.

INEVITABLE
One school believes that civil disobedience is inevitable, since the British and Congress Party cases appear to be incompatible: the other asserts that authority to launch civil disobedience vests in Mr. Gandhi, who will not open such a campaign until he is satisfied that party discipline is effective and that Congressmen are carrying out the constructive programme he has laid down as essential to its success.
That programme is based on non-violence, communal harmony, the removal of untouchability, and the use of khadi.

LACK OF DISCIPLINE
Even Congress Party commentators are pointing out the dangers of launching a civil disobedience campaign in the absence of communal harmony and

in view of the lack of discipline within the party. The Tribune (Lahore) holds that it would be sheer madness to waive these considerations in making a decision to start civil disobedience. Recalling Mr. Gandhi's attitude when the war broke out, when he indicated his sympathy with the Allies, competent observers believe that he will think deeply and cautiously before embarking on civil disobedience.
His policy is likely to be influenced by loftier principles than those involved in the differences between the Right and Left wing elements in the Congress Party.

AN UNDER-CURRENT
There is an undercurrent of non-Congress opinion which regards the Ramgarh resolution as a challenge justifying the crossing of swords between the British and the Congress Party. When allowance is made for the political and party implications of the Working Committee's resolution, however, it is certain that the continuance of the present policy of patient effort to find a solution will best serve the situation.

BRUTAL FORCE CANNOT IMPOSE ITS LAW

Germany Must Be Forced To See Her Errors

LONDON, April 6 (Havas)—"Britain and France will pursue their blockade until Germany is compelled to admit that brutal force cannot impose its law on the world," declared M. Georges Monnet, French Minister of Blockade, in a broadcast from Dantery last night.

M. Monnet added he came to London to discuss with Mr. Ronald Cross, British Minister of Economic Warfare, measures to intensify the contraband control in the immediate future.

He concluded by saying that substantial results had already been achieved and more were coming.

"Britain and France do not intend to leave the initiative to Hitler," M. Monnet declared, and added that, unlike Germany, the Allies would not vex neutrals.

GERMANY FURIOUS
BERLIN, April 6 (Reuter)—The German press is furiously attacking the new British Trade Company to expand exports to south-east Europe.

The Nazi newspapers are doing their utmost to make the new Government-controlled company appear a purely wartime measure, whereas in fact it is intended to be a permanent institution and was considered long before the war.

NEW TRADE DRIVE
LONDON, April 6 (Reuter)—Most of this morning's newspapers deal editorially with Britain's new measures for conducting economic warfare, and approve the prospects of a new trade drive in the Balkans.

The Liberal News Chronicle declares: "By pushing our own trade we will succeed in wooing Balkan countries from the Nazis."

"We have the advantage in being able to pay cash for goods delivered and thus forcing Germany to pay a stiff price for anything she may be able to procure."

In peacetime, says the journal, the Balkans are Germany's natural market. Under wise leadership she might now be enjoying economic lebensraum there, but now she will have to fight for every barrel of oil and every ton of bauxite.

From All Points Of The World
AMSTERDAM, April 6 (Reuter)—Flight-Sergeant J. Miller, a Canadian serving with the R.A.F. who was killed recently when an R.A.F. bomber was shot down by Dutch fighters, was buried in Holland yesterday with full military honours.

The other four members of the crew, who are interned, attended the funeral in uniform.

A large section of the Dutch public attended the funeral and Dutch airmen were the pall bearers.

CAPETOWN, April 6 (Reuter)—The South African Senate has approved the War Measures Bill by a majority of twelve. The bill has already passed the House of Assembly.

The bill gives the Governor-General power to make regulations for the maintenance of order in the effective prosecution of the war and covers regulations already issued in connection with war measures.

LONDON, April 6 (Reuter)—Air Chief Marshal Sir Arthur Longmore, who was a member of the British air mission to Australia and New Zealand last year, was also received by His Majesty the King yesterday afternoon.

MONTEVIDEO, April 6 (Havas)—The Government has issued a decree limiting to 900 tons the maximum amount of heavy oil foreign vessels will be allowed to purchase while in Uruguayan ports.

AMSTERDAM, April 6 (Havas)—German planes continue to violate Belgian neutrality. Dutch newspaper correspondents report. A recent communiqué said that on April 2, eight foreign planes flew over Belgium—seven Nazi machines, one British. According to Dutch correspondents, on that particular day 31 German machines were sighted over Belgium.

LONDON, April 6 (BWS)—It is learnt in London that the French, Spanish and Portuguese Governments have agreed to the operation of a British air service from London to Lisbon via Bordeaux, with facilities for emergency landings at Salamanca.

Sir Walford Selby, His Majesty's Ambassador at Lisbon, will be flying home on the first return experimental flight from Lisbon on April 10.

SAN FRANCISCO, April 6 (Havas)—It is believed here that the Australian contraband control ports which go into operation on Monday, may be used for the examination of cargoes of Soviet ships carrying goods to Vladivostok.

Moscow Tells The World

JAPANESE AIMS DOOMED

MOSCOW, April 6 (Havas)—The Soviet radio continues its violent anti-Japanese and anti-Wang Ching-wei attacks.

An article which appeared in "Pravda" and was later broadcast, stated: "Japanese industry, working for the Japanese imperialists, is dying. The Japanese ship of state is grounded on the Chinese rocks."

"The Japanese want to seize China from within but the Chinese people goes on fighting their aggressors, and will not accept the chains of slavery."

The broadcast insisted on closer relations between Moscow and Chungking.

BLOCKADE IN THE AIR
LONDON, April 6 (Havas)—Air blockade of Germany will be applied incessantly by the Allies, it was learned here today.

The Allied Governments intend to put an end to air connections of the Reich with the outside world as far as possible.

Consultations are going on every day between Britain and France regarding technical problems raised by this plan.

Well-informed circles add that both Governments are determined to put an end to air contraband, in the same way as naval and other kinds of contraband, that is, in full exercise of their belligerent rights.

Recent reports indicate that Germany is using her huge commercial air fleet with the aim of partially replacing sea transport.

Importance of German air relations with neutrals is seen in the fact that the customs department of one neutral country received taxes equivalent to £10,200 a day on goods coming from or going to Germany.

ROME, April 6 (Havas)—Italy's latest submarine has just undergone its trials in the Gulf of Tarento. A dive of 300 feet was successful, and the rescue equipment also came through with flying colours.

PARIS, April 6 (Havas)—For having distinguished himself on March 3, a young Czechoslovakian pilot is to receive the Croix de Guerre.

The citation says that he fought against an enemy superior in numbers, showing fine qualities of calm and courage.

He extinguished a fire on board his own plane, although he was wounded and fought, on until his plane was badly damaged.

BELGRADE, April 6 (Reuter)—It is reported that Germany asked the Yugoslavian Government to guarantee to guard German ships against seizure by the Allies while they were navigating in Yugoslavian water. The request was refused.

The German freighter Ankara is still in Dubrovnik, Yugoslavia's main port. The Ankara postponed its sailing for Trieste with a cargo of bauxite when rumours became current that Allied warships were waiting to intercept it.

JAPAN IS WARNED NOT TO BE INTOXICATED

TOKYO, April 6 (Havas)—Japan must be careful not to become intoxicated about the new Nanking regime, says the Kokumin Shinbun, which reflects the views of Army circles. The paper says: "The foundation of the new regime should rather serve the Government to reconsider its attitude in refusing to face stern realities."

"We must undertake formation of the new government for a solution of the China incident."

AN IMPOSSIBLE TASK
"The new government must become the political link between Japan and China. The following conditions are necessary:—

"Firstly, we must win the support of the Chinese masses."

"Secondly, we must save China from the mistake of using her new unity to antagonise Japan, as Chiang Kai-shek did."

The extraordinary silence of the German press on the occasion of the installation of Wang Ching-wei's regime in Nanking is considered by Japanese political circles to be part of a large-scale manoeuvre to drag Japan into the European war on the Reich's side.

Foreign observers also discuss strange silence of the Nazi press, particularly in view of the warm welcome given to the Wang Ching-wei government in the Italian press, whose articles were reprinted here.

The same observers also note the irritation of Japanese political quarters when questioned on this subject, and take it as confirmation that Germany is trying to obtain from Japan an abandonment of her "hesitant attitude of complacency towards the Allies" and to secure, if not outright support, at least Japan's "friendly neutrality."

Protection Sought

JAPAN'S OVERTURES TO BRITAIN

TOKYO, April 6 (Reuter)—According to the "Kokumin Shinbun" the Government has decided to instruct the Ambassador in London to negotiate with the British Government "for the protection of neutral commerce."

The newspaper says Japan's case is based, firstly, on the argument that the British Government's extended interpretation of war contraband is an abuse of belligerent rights and therefore absolutely unacceptable.

FEARS EXPRESSED
Secondly, in view of the fact that Vladivostok now plays the role of seaport for Germany in the Far East, Japan is apprehensive that the European war may "disturb" seas close to Japan, and, in accordance with her policy of non-involvement in the war, Japan would refuse to permit this.

The newspaper adds that Britain is likely to extend the blockade network throughout the world, and trade relations between Japan, Manchukuo and Germany—which are pillars of Japan's foreign trade—would be in danger of breaking down.

A forceful appeal for primary education in Hongkong is among a series of interesting contributions to the April number of "St. John's Review" published on Saturday.

BIG FIELDS FEATURE EXTRA RACE MEETING

Mr. L.B. Chao Scores Two Wins To Top List

Favourites were very much out of the running and good dividends were the result at the Extra meeting of the Hongkong Jockey Club on Saturday.

The weather was ideal. The sky was overcast, but it did not rain and there was a nice cool breeze throughout the afternoon. A big crowd was in attendance and the pari-mutuel and sweeps were well patronised.

A Great Time, who finished second in the Hobart Handicap, paid \$81.60—the highest dividend for the day. The next best dividend was \$50.10 by Portrush for a win. The Daily Double, on Oonagh and Advancing Time, paid \$340.80 to each of 21 backers. Mr. L. B. Chao headed the jockeys list with two wins and a second while Mr. Li Po-chun was the most successful owner with a win and a third. Entries were good and big fields were the order of the day.

Following are the full results, with brief notes on how the horses ran:—

RACE ONE

The field was sent off together. Sunlight View soon took the lead with Wilber and Chatterbox following close behind. West Lake moved up in the back stretch and was fourth at the rock where Chatterbox assumed the lead with Some Hope second and Wilber third. Sunlight View having weakened. HONGKONG, APRIL 8, 1940

GERMANY BLUNDERS

THE INCREASED tempo of the war in the west in recent weeks, with greater aerial activity and wider naval blockade extensions on the part of the Allied Forces, recalls to mind one outstanding feature of the World War of 1914-18. Historians have recorded that what proved to be the deciding factor in that great conflict was superior sea-power. The operations carried out by armies and air forces are decidedly more spectacular, but the slow and largely unseen process of the British Navy will continue inexorably to repeat that supremacy in the present hostilities.

A REVIEW of the naval operations since the outbreak of the war will show indisputable evidence that Herr Hitler and his immediate advisers failed to realise the probable effects of Britain's naval might. True, it is suggested in "Mein Kampf" that the author was certainly not blind to the danger of antagonising Britain. The German Fuehrer actually wrote of the desirability for an arrangement with both Britain and Italy, not only to isolate France so as to give him a free hand in attacking Russia, but also to safeguard his communications and supplies by sea. Herr Hitler and his confederates, however, seem to have placed a wholly exaggerated trust on the power of what they believed was their invincible Army and Air Force to counter-balance this lack of naval superiority. This is where Herr Hitler and his plotters have made a greater blunder than Kaiser Wilhelm II or Napoleon, for it must be remembered that in 1914, the Navy of Imperial Germany was not so markedly inferior to the British Fleet that, given a favourable combination of circumstances, victory could not have been won.

EVENTS DURING the past seven months of the war have amply proved that the new air weapon, destructive though it can be in certain circumstances, has certainly not altered naval values and, thus, Germany's naval position in 1939 was palpably weak. At the outbreak of the war, Britain and France had 22 battleships and battlecruisers against five in the German Navy. Again, France and Britain had 91 cruisers to Germany's nine, 133 destroyers against 22 and 125 submarines against 60 to 80 U-Boats. Mere numerical superiority does not, of course, always mean supremacy. But, when it is taken in conjunction with Britain's geographical position, it must be held to mean that Great Britain will always start with an advantage over Germany when it comes to a naval challenge. INTERPORT SOCCERITE MARRIED

MR. B. T. GOSANO AND MISS P.M. YVANOVICH

There was a large gathering of Hongkong sportsmen present at St. Teresa's Church, Kowloon Tong, yesterday afternoon at the wedding between Mr. Bellarmine Thomas Gosano, the prominent Interport and St. Joseph's footballer, and Miss Palmyra Maria Yvanovich, daughter of Mr. Philippe Antonio Yvanovich and Mrs. Palmyra Lopes Yvanovich, of Soares Avenue, Homuntin.

The bride, who was given away by her father, was attended by Misses Alzira, Lolita and Therese Yvanovich and Ave Gosano, as bridesmaids.

Mr. J. M. Noronha and Mr. A. V. Gosano, the bridegroom's elder brother and himself a well-known Interport soccer player, acted as best man and groomsman, respectively.

The Rev. Father Granelli officiated at the ceremony, after which a largely-attended reception was held at the Club de Relevo where the newly-weds received the felicitations of their wide circle of friends and left later for their honeymoon which is being spent in Shanghai.

THE DRESSES

The bride made a charming picture in a bridal dress of white lace designed on the princess model, with a full train. She carried a sheaf of Arum lilies.

The bridesmaids wore beautiful frocks of pink tulle and carried heart-shaped bouquets of pink carnations.

The bride's mother was attired in a smartly designed frock of black lacquered lace.

Mr. B. T. Gosano played football for Hongkong against Shanghai in 1930, 1931, 1933, 1934, 1935 and 1936. He is also known in hockey circles, wields a good racket at tennis and is also a useful sprinter.

lie like a break-water across the entrances to the North Sea and are always able to outflank all Germany's ocean routes.

WHAT HAS TRANSPİRED since hostilities broke out in Europe show that it is very probable that Herr Hitler and his Nazi advisers did not intend to wage this war at all. Evidence has not been lacking that the Germans confidently hoped that their arrangement with Russia would cause Britain and France to wash their hands off Poland. The war that the Nazis would then have prepared for was one against Britain alone, if possible, but in any event, with Italy and Japan as active allies on the German side. These two fleets, added to the German Naval strength, would perhaps, have created a difficult situation for either Britain or even Britain and France. Nazi diplomacy, however, failed completely. Herr Hitler's timing has been proved to be at fault and he and his chiefs have now to face a most unenviable situation.

ONE RATHER significant fact which has not been emphasised since the war began is that the Nazi Naval Commander-in-Chief, Admiral Raeder, presumably had a distinct advantage in being in the know of all Herr Hitler's plans and, therefore, was aware of the exact date and hour when Poland would be attacked. The obvious move for the German Navy, in order to press home this advantage, would have been to get all its sea-going ships—surface and submarine—outside the North Sea prior to the actual outbreak of war. If Britain and France intervened, the Nazi Naval Chief would have had his ships out ready to begin operations. In fact, a part of this plan was actually carried out. Admiral Raeder sent out approximately half of his fleet of submarines to cover the trade routes, ready to strike at the zero hour. A certain amount of damage was done before the Allied convoy system could be organised and put into effect, but this damage, as figures have shown, was really negligible and aggregated less than one-and-

Europeans In Accident

KOWLOON MOTOR SMASH

A European, Mr. A. Mann, was injured in a motor accident at the junction of Kimberley and Nathan Roads on Saturday night. He was treated at the Kowloon Hospital.

Two other European involved in the accident were Mr. George Knight, residing in Shatin; and Mr. S. Gidley, of No. 37, Kimberley Road.

Mr. Mann was driving a motor-cycle with Mr. Knight on the pillion seat. He collided with taxi-cab No. 777, which turned into Kimberley Road from Nathan Road, crashing into the front wheel of the car.

The two men were thrown to the ground, and Mr. Mann, with injuries to the head, had to be treated at the Kowloon Hospital. Mr. Knight escaped injuries.

Mr. Gidley was the passenger in the taxi which was not damaged. The motor-cycle was badly damaged.

GOOD YEAR FOR "TELEPHONES"

At the forthcoming Annual General Meeting of the Hongkong Telephone Company, Ltd. which will be held on Tuesday, April 30, the following will be embodied in the Directors' Report:

The balance at credit of Profit and Loss Account for the year ended December 31, 1939, (including the sum of \$149,523.64 brought forward from the previous year and after making provision for payment to Government of Royalties on the revised basis) amounted to \$1,379,403.20.

After charging \$258,793.60 for depreciation and effecting on July 11, 1939—the payment of an Interim Dividend of 4 per cent. absorbing \$225,000.00, there remains the sum of \$897,609.60 which the Board recommends be appropriated as follows: To Payment of a Final Dividend of \$1.00 per share on the Fully Paid up Shares (making 14 per cent. for the year), \$890,000; To Payment of a Final Dividend of 25 cents on Partly Paid Shares \$82,500; To Sinking Fund Instalment transferred to Capital Reserve, \$92,577; To Carry forward to next Account, \$242,532.60.

SAPPER IN TROUBLE

A Sapper of the Chinese Company of the Royal Engineers, Leung Lap, aged 25, was fined \$30, or in default two months' hard labour, when he appeared before Mr. Q. A. A. Macfadyen at Kowloon Court on Saturday on a charge of impersonating a police officer.

A travelling trader, who came from Tai Po with a basket of chickens which he tried to sell at 8.30 p.m. on Friday, was stopped and told by defendant, who claimed to be a police officer, that it was against the Law to carry chickens in the evening, and was asked to go to Yau-mat Police Station.

On the way to the station, defendant offered to let the trader go on payment of \$5, which the man refused.

At the entrance to the station, defendant started to run away, but was caught by the trader, who insisted on going to the station as they had already reached it.

A PLAYFUL INDIAN!

An Indian watchman, Kishan Singh, 30, was fined \$10 by Mr. E. Himsforth at Kowloon Court on Saturday when he appeared on a charge of assault on two Chinese coolies.

He was also ordered to pay \$2 compensation and to sign a \$20 bond to keep the peace for one year. Sgt. Whitley, prosecuting, said that at 8.30 p.m. on Thursday, accused first teased two ricksha coolies and then struck them with his fist.

a-half per cent. of the British merchant fleet.

UNLESS the Germans, therefore, can, with or without the aid of new allies, break the stranglehold, which the Allied naval forces have gained on the seas, the defeat of Germany, however long it may take, will be the only result of the present war. It certainly is extraordinary that the Nazis, with the lessons learned from the World War, should persist in making fundamental errors of this nature.

CHORAL GROUP TO PRESENT "CAVALLERIA RUSTICANA" TO HELP LOCAL CHARITIES

Unlike many suddenly successful works, "Cavalleria Rusticana," which the Choral Group will present at the King's Theatre on May 29 and 30, continues to hold its own as one of the most popular of operas.

Winner of a contest sponsored by an Italian publisher in 1890 and first produced in that year in Rome, the opera still retains, after 50 years, the freshness and charm which originally made it famous and elevated Pietro Mascagni to the front rank of composers.

The passionate intensity of the music, the simple but vivid action of the plot and the charm of the Sicilian setting, never fail to stir an audience.

With the forthcoming production the Choral Group, which has in the past five years given many fine concerts in Hongkong, enters an ambitious field, not judging by the success of rehearsals the venture into opera seems to be well justified, and the presentation will be keenly awaited.

IN AID OF CHARITY

The production will be in aid of Lady Pollock's food kitchen for refugees and destitutes, the Foreign Auxiliary of the Chinese Red Cross, the Boys' and Girls' Clubs, the Agricultural School for Refugee Students and the Chung-shan Refugee Fund.

Maestro E. Gualdi will conduct. The part of Santuzza will be taken by Miss Chan Mei-lan, whilst Mr. Gaston D'Aquino will appear as Turiddu, Mr. Alec Greaves as Alfio, Miss Carmen Silva as Lola and Mrs. Gertrude Goddard as Mother Lucia. Support will be given by a chorus of 40 voices, whilst there will be an orchestra of more than 30 musicians.

Tickets will be available after April 15 at the leading music stores.

THIS WEEK'S BLACKOUT

NOTICE ISSUED TO MARINERS

A notice to mariners published in Saturday's Gazette gives warning of this week's blackout, exercises on April 11.

It is stated that the following lights in the Hongkong area will be extinguished on the night of April 11-12:

Waglan Island, Tathong Point, Cape Collinson, South Lyemun, North Lyemun, Channel Rocks, Cust Rock, North Fairway Buoy, Central Fairway Buoy, South Fairway Buoy, Green Island and Cheung Chau Island Passage.

Normal lighting will be resumed on the night of April 12-13.

Mariners, shipowners and all others are also warned that the port will be closed to all vessels arriving or departing between 6.30 p.m. on April 11 and 6 a.m. on April 12.

ORDER IN COUNCIL

The Governor in Council has been pleased to direct and it is hereby directed—

That Thursday, the 11th day of April, 1940, shall be an occasion for experiment or practice in lighting control by express command and, that on that day from sunset until the sounding of the last of two RAIDERS PASSED signals is sounded, the regulations made under the above Ordinance published as G.N. 565 in the Government Gazette of the 14th July, 1939, as subsequently amended by G.N. 824 of the Government Gazette Extraordinary of the 20th September, 1939, and G.N. 57 of 1940 in the Government Gazette of the 19th January, 1940, respectively, shall be in force.

And it is also further directed—That the exemption contained in Regulation 19 relating to an occasion of an experiment or practice in lighting control as regards navigation and riding lights on ships and vessels under way or when anchored or moored to a buoy and navigation lights on aircraft and at aerodromes shall be suspended on the said day during the first of the two blackouts contemplated in this practice.

NEW AMUSEMENT CENTRE FOR H.K.

It is learned that a group of business men in Hongkong are planning to set up an amusement park in the Colony. The park is aimed to be the biggest in the Far East, and will include a large swimming pool, a large dance floor, a skating ring and many other forms of amusement.

The parties concerned are seeking a suitable location, and North Point is one of the favourable places under consideration.

If You Must Spit —

CHOOSE A PROPER RECEPTACLE

Indiscriminate spitting, in public places, vehicles and buildings will in future be punishable on summary conviction by a fine or imprisonment, according to a Draft Bill to amend the Summary Offences Ordinance, published in Saturday's Gazette.

Under the amended bill, no person shall spit in or into a public place or vehicle or any building to which the public have access, except into a receptacle or channel for sewage, sullage or waste water.

URGENTLY NECESSARY STEP

In the objects and reasons, it is pointed out that pulmonary tuberculosis is a serious menace to health and life in Hongkong and indiscriminate spitting, a habit unfortunately prevalent among certain classes in this Colony, is an important factor in spreading the disease.

The present measure extends to public places the prohibition against indiscriminate spitting now enforced in dairies, milk shops, eating houses, restaurants, food factories, food shops, markets, slaughter-houses and laundries, by-laws made by the Urban Council.

It is recommended by the Urban Council as necessary in the interests of public health and supported by the District Watch Committee and by a large body of public opinion in this Colony.

The gradual enforcement of the provision introduced by this bill is regarded by the local health authorities as urgently necessary if the spread of tuberculosis is to be checked.

BAZAAR AT FRENCH CONVENT

More colour and busy movement and eager, happy faces than at the bazaar held on Saturday afternoon at the French Convent, Causeway Bay, in aid of French war charities, seldom is seen in Hongkong.

The Tricolor and the Union Jack were everywhere expressive of the united front of the two nations, and under their spread several hundred people spent freely and enjoyed themselves.

The bazaar included all the attractions generally expected, whilst there were also many stalls which sold a variety of goods. Many of the articles were made by the French ladies of Hongkong; others were presented by French business houses in the Colony.

FINE DOLLS DISPLAY

A better display of dolls has never been seen in the Colony. The hundreds, from the tiniest to the biggest, all tastefully and appropriately dressed, mostly in typical French costumes, made the bazaar a veritable heaven of delight for the children. The dolls were made by the Sisters of the Hospital, who also made a large selection of children's clothing that found ready buyers.

The cinema was also well supported, as was the bar cafe, where there was continuous gaiety and conviviality.

The financial result of the bazaar, which is expected to be very good, will be announced in due course.

PROBATIONER FOR CLERICAL SERVICE

The Government is inviting application for appointment to the post of Probationer in the Senior Clerical and Accounting Staff. Candidates must be of pure British race and nationality and under 20 years of age.

The salary for this post is \$1,200 a year rising by annual increments of \$120 to \$1,440 a year.

On completion of the probation period, there are prospects of promotion to Class II of the Senior Clerical and Accounting Staff.

COLONY'S HEALTH

The return of notifiable diseases, notified as having occurred in the Colony during the 24 hours ended at midnight, April 5, are as follows:—Tuberculosis 19 cases, dysentery 11 cases, cerebro-spinal fever 5 cases, chicken pox one case, measles one case, enteric fever two cases, scarlet fever and diphtheria one case each.

DR. KOHT SAYS NORWAY HAS HAD ENOUGH

Planes Flying Over Country Will Be Shot Down

OSLO, Apr. 7 (Reuter).—Referring to the violation of Norwegian neutrality by foreign aircraft, Dr. Koht, the Prime Minister in a speech in Oslo, said that 21 protests have been made to Britain, the Soviet Union and Germany.

Norway Says "Enough"

OUTRAGES ON SHIPS RESENTED

OSLO, Apr. 8 (Reuter).—The repeated attacks by Nazi planes on the Norwegian steamer Mira on her way to Norway from Britain are resented in the Norwegian press this morning.

The Morgenbladet says: "We have no hesitation in saying that the Germans, by their murderous attack, have done more harm to their own cause than ever before."

"Another Oslo newspaper speaks of 'this unparalleled brutality and ruthlessness'."

It declares that only the timely arrival of a British destroyer prevented "the greatest disaster in Norwegian maritime history."

The paper points out that the Mira was on a legitimate route and was attacked no fewer than eight times.

MORE TRADE PARLEYS

PARIS, Apr. 7 (Reuter).—The Ministry of Commerce, in a communiqué, states that an agreement for facilitating exports and imports for a further period was installed today between French representatives and the Belgian-Luxembourg delegation.

SCANDINAVIAN COUNTRIES TO BE WARNED BY ALLIES

LONDON, April 6 (Reuter).—Considerable importance is attached in diplomatic quarters by joint action taken today by the Allies to acquaint the Scandinavian countries with their views on problems arising out of war developments.

In Paris, the French Prime Minister, M. Paul Reynaud, held a conversation with the Swedish and Norwegian Ministers, while in London, the Foreign Secretary, Lord Halifax, handed Notes to the Swedish and Norwegian representatives affecting British relations with the two countries.

The Notes clarify the attitude of the Allies on matters concerning Scandinavian neutrality.

Official quarters in London say no decision has yet been taken as to publication of the Notes; they add the Notes clear up the Allied attitude towards Scandinavia.

U.S. PRESS OPINION
In New York today, the American press states that the Allies have informed the Scandinavian countries that any further Soviet attack on Finland or Finnish ports will be considered as prejudicing the Allies' war effort and might be met by action by Britain and France.

There is no confirmation of this report in London, and the Norwegian Foreign Minister, Dr. Koht, speaking in Oslo, said:

"We cannot think of any war we might enter except one which might be forced on us in order to defend our independence and freedom."

"We can only save ourselves by an attitude of strict neutrality towards all concerned."

CONFIDENCE IN BRITAIN
Dr. Koht continued that Norway was pursuing neutrality by trade agreement based as far as possible on continuing normal trade.

If the Allies wanted to stop Norway's free trade under international law, it might do great harm to the Allies themselves.

If Norway worked against only one belligerent it would be contrary to neutrality.

Speaking of the speeches of Mr. Chamberlain and Mr. Churchill, Dr. Koht said: "I feel we dare be confident that Great Britain does not intend to violate international law and our neutrality."

CANADIAN POLL RETURNS

LONDON, Apr. 7 (Reuter).—Last returns which have come to hand in the Canadian federal elections—Acadia in Alberta—give the Liberals two votes over the New Democracy candidate, according to a Ottawa report.

This brings the total of Mr. Mackenzie King's supporters to 178.

Anglo-Dutch Agreement

STABILISING THE SITUATION

AMSTERDAM, Apr. 7 (Reuter).—The Anglo-Dutch trade agreement is regarded here as a measure for stabilising the existing situation. The arrangement is being put into force by two Royal decrees.

The first decree names the various goods, import of which is forbidden unless a licence is obtained from the Central Dutch Importing Agency, through which the goods must be ordered.

NO DELAY
Importers will be guaranteed that all goods accompanied by this licence will pass British Contraband Control without delay.

NO EXPORTS
The second decree deals with exports. For a number of goods, including mainly goods which are usually carried by sea, no permits will be given for export to any belligerent. For a great number of goods, exports to belligerents will be possible, though a limit applicable to all belligerents will be imposed.

AMERICA IS NOT READY

UNPREPAREDNESS OF WAR WORKS

NEW YORK, Apr. 7 (Reuter).—"If we ever face another war our most effective weapon of defence would be the ability of American industry to supply munitions and equipment," declared Mr. Louis Johnson, Assistant War Secretary.

He added that in spite of all measures now available, about 15 months would elapse before an army of 1,000,000 men could be adequately supplied with the more critical items of ordnance and equipment.

Mr. Johnson said that the aviation industry was the one vital exception in his statement of the war industry, unpreparedness.

"KEEP OUT OF WAR" RESOLUTION IN U.S.

WASHINGTON, Apr. 7 (Reuter).—The United States Socialist Party annual convention overwhelmingly adopted a "keep out of the war" resolution vigorously condemning any form of American assistance to either side in the European hostilities.

The resolution was adopted in the face of a protest from the Minority Group which, though equally determined to keep the United States at peace, felt that a distinction should be drawn between favouring the Allies as against Hitler and Stalin.

SOLID BASE FOR PEACE

WASHINGTON, Apr. 6 (Reuter).—The Senate has renewed for three years the power of the Government to conclude reciprocal trade agreements without the authorisation of Congress.

The Secretary of State, Mr. Cordell Hull, declared the object of the measure was to create a solid foundation for peace after the war.

TEST CASE

Continued From Page 1
The German steamer Ankara is expected to leave today the Yugoslav harbour of Dubrovnik bound for Trieste with a cargo of 5,000 tons of aluminium ore. The ship, which is of 8,000 tons, belongs to the Deutsche Levante Linie.

Her captain tried in vain to hire the services of a Yugoslav pilot apparently with the intention to attempt, despite the danger, to find a way to Trieste within the limit of Yugoslav territorial waters amid the reefs.

It is not known whether the captain will risk to run the ship himself along the extremely dangerous coast or take a chance and go on the high sea where he will probably meet with Allied warships.

Italian ships arriving at Yugoslav ports declared that they sighted yesterday a British cruiser steaming at full speed from the Toronto Straits northward. Two British submarines are also reported to be in the Adriatic.

PILOT TELLS OF CRASH AFTER AIR BATTLE

Picked Up By Trawler In "Nick Of Time"

LONDON, Apr. 7 (Reuter).—The pilot of the first Spitfire brought down in defending the British Coast, after three days in hospital, told the story last night of how he was trapped in a rapidly sinking machine. He stated that he attacked a Heinkel 12 miles from the Yorkshire coast, saw it crash on to the water and the crew picked up by a trawler. He then reported by radio-telephone that his own plane was on fire.

"I reported that I was landed. I stalled on the water at 65 m.p.h. with a loud crash and the aircraft immediately dug its nose and came to a vertical position tail up, and sank immediately."

"BELOW SURFACE"

"My next clear recollection is that I was below the surface and everything appeared green. I undid my harness and began to get clear but my parachute got under the sliding roof, but I finally got clear. The pressure was very great and the green light had changed to black. By the time I reached surface my lungs had reached the limit. I tried to put more air into my lifejacket but this was impossible as I was winded. The weight of my clothing was increasing rapidly, and I caught a glimpse of a trawler coming in my direction."

The trawler arrived and hauled the pilot aboard with a boathook in the nick of time.

LIGHTHOUSES ATTACKED

LONDON, Apr. 6 (Reuter).—It was disclosed tonight that two German aeroplanes, returned from an unsuccessful effort to bomb Scapa Flow, had machine-gunned the Duncansb Head and Stromo lighthouses. The keepers heard bullets rattling on the domes of the respective lighthouses and the raiders were seen flying low but there were no casualties. This is the first attack against lighthouses.

"DORNIER" DOWNED

Reuter's special correspondent with the French Army states that two Dornier "Flying Pencils" were brought down by the French.

WOUNDED GERMANS FOUND

PARIS, Apr. 7 (Reuter).—Two wounded German airmen were found after lying with a dead companion in the middle of a wood behind the French lines for four days. They were found near the remains of a Dornier seven-teen which was shot down on Monday.

INDIAN LEADER ARRESTED

BOMBAY, Apr. 7 (Reuter).—Eight were arrested here in connection with the so-called national week organiser by the anti-communist group, including the leader, Bapat, whose entry into the city has been banned by the police. There were no incidents reported from Calcutta where Mr. Bose inaugurated the national week.

THE MAP THAT GERMAN PROPAGANDISTS DREW

PARIS, April 6 (Reuter).—The famous "map affair" was cleared up yesterday when a group of French and foreign newspapermen visited the Premier's Office and saw several maps hanging there, as in an statesman's office.

The map which aroused all the fuss (Nazi propaganda saying it depicted the new frontiers of Europe drawn up by the Allies) merely draws a comparison between political boundaries before the Anschluss with Austria when Hitler started to carve up Europe, and the joint partition of Poland by the Nazis and the Soviet.

In order better to show German and Soviet annexations, the new delimitation of borders was superimposed on a map drawn prior to March, 1938.

The borders of Switzerland and Denmark were not clearly indicated, hence these two countries look like part of Germany.

The Balkans were not indicated in the map.

MR. MURPHY REPORTS
The United States charge d'affaires, Mr. Murphy, has now looked into the map affair.

The map, an ordinary coloured map, showed the changes in the frontiers of Europe since Hitler's march into Austria. Coloured pins marked the various German acts of aggression.

The photographer was apparently a better artist than political expert for the photo shows Germany as absorbing Denmark and Luxembourg; Holland and Belgium as one country, and the Aegean Sea filled in!

AN ODD MOMENT

BERLIN, Apr. 6 (Reuter).—At the same time the Nazi press was filled with lying versions of the Paris map affair, Dr. Goebbels, the Propaganda Minister, gave a talk on the "trusted position" of the Nazi press in war.

The Nazi press, he said, stood between leadership and the people. "If today, Germany enjoys security," he declared, "it is largely due to her responsible press!"

Admission By German High Command

BERLIN, Apr. 7 (Reuter).—A German High Command communiqué admits that several enemy planes penetrated Germany to the northwest of Trier yesterday afternoon.

German Air Force carried out reconnaissance over north and central France.

A German Dornier reconnaissance plane was attacked by four French Curtiss machines which abandoned the attack owing to shortage of petrol.

FIVE PLANES FOR "COBBER"

LONDON, Apr. 6 (Reuter).—The latest R. A. F. casualty list includes the name of Flying-Officer ("Cobber") Cain, the young New Zealander who has brought down five Nazi planes.

Cain who was wounded, is now on leave in England.

ORKNEY RAID WARNING

LONDON, Apr. 7 (Reuter).—The air raid warning was in operation in the Orkney district for 15 minutes this morning. British fighters ascended.

INDIAN LEADER ARRESTED

BOMBAY, Apr. 7 (Reuter).—Eight were arrested here in connection with the so-called national week organiser by the anti-communist group, including the leader, Bapat, whose entry into the city has been banned by the police. There were no incidents reported from Calcutta where Mr. Bose inaugurated the national week.

Swedes To Answer

STOCKHOLM, Apr. 7 (Reuter).—Sweden is replying in due course to the Allied notes although no specific requests were made for a reply.

Reuter learns that the British Note did not ask Sweden and Norway to take immediate measures and did not envisage Anglo-French measures, but mainly a general statement of the Allies' view point.

With reference made of the possibility that Norway and Sweden might seek German assurance for fear of a Russian attack, it is stated the Allies would regard such action unfavourable. The question of Iron ore was hardly mentioned.

THREE FRENCH CASUALTIES

PARIS, Apr. 7 (Reuter).—Two French soldiers were killed and two wounded in the German raid reported on Saturday. One of the wounded later died.

PARIS, Apr. 7 (Reuter).—A War communiqué, issued today, states that there is nothing to report. The only incident during the past 24 hours on the Western Front was the capture of a German prisoner from a reconnaissance patrol which approached too near a French post west of the Vosges.

FRENCH ENVOYS FOREGATHER

ANKARA, Apr. 7 (Reuter).—The French Ambassador, M. Massigli, is leaving today to attend the conference of French diplomatic representatives in the Balkans called by M. Paul Reynaud, the Premier.

Yesterday M. Massigli had one-hour interview with President Thonu at which Bey Sarajoglu, the Foreign Minister, was present.

FRENCH PREMIER MAKES SURVEY

PARIS, Apr. 7 (Reuter).—M. Paul Reynaud, the French Prime Minister, commenced a survey of South and South-eastern Europe, holding conference with Gen. Weygand, M. Poncet and M. Brugere, Minister to Belgrade.

PREPARATIONS IN CHUNGKING FOR "BOMBING SEASON"

With compulsory evacuation well under way, definite steps are being taken for the protection of those who must remain in Chungking during the forthcoming "bombing season," writes the Havas correspondent from Chungking.

The civilians are actively participating in the digging programme.

The existing dugouts can accommodate 220,000, that is, about half of the city's population and it is anticipated that in two months another 100,000 will be provided with shelter.

GENERALISSIMO ENTERTAINS

CHUNGKING, Apr. 7 (Central).—Generalissimo Chiang Kai-shek entertained Madame Sun Yat-sen and Madame H. H. Kung at dinner yesterday evening. Among other guests were Mr. Nelson T. Johnson, U.S. Ambassador to China, Mr. Willis R. Peck, Councillor of the U.S. Embassy, and Chinese high officials.

GENERAL SUNG PASSES

CHUNGKING, Apr. 7 (Central).—Mr. Lin Sen Chairman of the National Government, and Generalissimo Chiang Kai-shek yesterday sent telegrams of condolence to the family of General Sung Chen-yuan, former Chairman of the Hopei-Chahar Political Council and commander of the 29th Army, at Mienyang, west Szechwan, on April 5.

General Hsiao Chen-ying, former Mayor of Tientsin, who is now in Chungking, is leaving for Mienyang to help in the funeral service. General Chin Teh-chun, former Mayor of Peiping, is already in Mienyang. Both Generals Hsiao and Chin were close followers of the late General Sung.

RUMANIAN PORTS FLOODED

BUCHAREST, Apr. 7 (Reuter).—The two Rumanian ports most suitable for the export of cereals to Germany, namely Calafat and Torla, are flood owing to a rise in the Danube.

The railway administration had ordered that no merchandise be sent to these ports while the floods last.

FLOODS IN AMASIA

ANKARA, Apr. 7 (Reuter).—Thirty villages in the Amasia district were completely destroyed by floods, following earthquake shocks felt here on April 4. No lives have been lost but the damage is very great, over 20,000 people having been rendered homeless.

A Havas message from New Orleans states that a cyclone practically destroyed the small town of Amity, in Louisiana.

NEW YORK COTTON: Higher prices ruled at the opening, due to price-fixing by both foreign and domestic spinners. The higher levels attracted realizing but a price-fixing rally occurred towards the close but this, however, was not well maintained. The weather forecast is partly favourable.

NEW YORK RUBBER: The smaller and higher primary shipment offerings are slowly becoming a strengthening factor.

CHICAGO WHEAT: The liquidation on the unexpected South-West rains technically improved the position, but the market is still under weather influence as moisture is still needed in the dry areas.

THERE'S MUSIC AT THE FRONT—Music plays an important role in the recreation of soldiers at the front, and here is a jazz band rehearsing several "hot" numbers to chase away the "blues" of their fellow-poilus.

MEXICAN OIL DISPUTE

NEW YORK, Apr. 7 (Reuter)—Lord Lothian, British Ambassador in Washington, called on Mr. Cordell Hull, U. S. Secretary of State, yesterday regarding the Mexican oil dispute.

"NOT AS A WARSHIP"

HONOLULU, Apr. 6 (Reuter)—The Cunard-White Star liner Mauretania, which left New York a fortnight ago, has sailed from Honolulu after a short stop for refuelling.

The captain discussed the trip from New York but refused to reveal the ship's destination.

He said: "We are definitely not on a cruise. We are on a mission but not as a warship."

JEWELLERY THEFT HAS COURT ECHO

Appearing before Mr. T. J. Houston at the Central Court on Saturday charged with two counts of theft of jewellery and one of illegal pawning, Chan Ah-tai, 21, unemployed, was remanded for 72 hours on the application of Inspector Baysting.

Chan was alleged to have stolen various pieces of jewellery and money, totalling \$453, from Mr. E. G. Price, of No. 183, The Peak, on March 31 and April 3.

NURSE IN ACCIDENT

Miss Colley, nursing sister of the Queen Mary Hospital, met an accident on Friday afternoon, and is now a patient in the hospital. She was involved in a traffic accident in Pokfulam on Friday afternoon and sustained injuries to her head. Her condition was reported to be improving.

Effectiveness Of The Stringent Blockade

LONDON, April 6 (Reuter)—The Allied Governments have definite proof of the effectiveness of the blockade. M. Monnet, French Minister of Blockade, stated yesterday afternoon, following a long conference with Mr. Cross.

The Allied Governments are very satisfied with the results achieved so far, he said, and have indisputable proof that the blockade is having a very serious effect on the German supply of petrol, rubber, textile and other goods.

Industrial Equipment As Tourists

Special to H. K. Daily Press

LONDON, Apr. 7 (Havas)—Britain and France are considering a new scheme for extending economic co-operation, declared the Minister of Supply, Mr. Leslie Burgin, in a speech at Wolverhampton.

"The French Armaments Minister, M. Raoul Dautry," he said, "has asked me whether industrial equipment, and notably machine tools, can be treated as tourists and could go under return tickets across the Channel so that, if he has half-a-dozen milling machines which are not needed for three months, they can come to Britain, whereas if Britain has six vertical borers not wanted for three months, they can journey to France."

Mr. Burgin added that the idea and principal were sound and would help in making the best use of the Allies' common resources.

PASSENGERS

The following passengers arrived in Hongkong on Saturday:

Mr. J. Barclay, Mr. L. R. Conpar, Mrs. R. Dinnie, Mrs. L. H. Evans, Miss G. Griffith, Mr. L. H. McCabe, Mr. J. C. McFarlane, Miss D. Sage, Miss S. Spencer, Mrs. M. Tweedie, Mrs. W. H. Alton and child, Mr. J. Bowman, Miss A. Blenkinsop, Mr. B. Chan, Mrs. J. Coleman, Miss E. Conche, Mrs. Childie and children, Mrs. L. E. Evans, Master Fitzhenry, Miss Luk, Mrs. McGowan, Miss and Master McGowan, Miss I. Mountain, Capt. and Mrs. C. Nock, Mrs. Powell and children, Mrs. J. K. Sykes, Mr. H. V. Sawkins, Mr. H. N. Willett, Mr. and Mrs. T. Wang, Mrs. C. Wilcox and child.

Miss Armour, Mrs. Davies, Mr. and Mrs. D. Holmes, Mrs. Jenner, Mr. G. Howard Knight, Dr. Landborough, Mrs. Montgomery, Mrs. Marks, Mr. R. Olive, Mr. and Mrs. D. Peat, Rev. and Mrs. Russell, Mrs. Scott and children, Miss Petrie, Dr. Thomas, Mrs. Watkins, Mr. E. Muller, Mr. H. Blake, Mr. and Mrs. C. Hyde, Miss Doves, Mrs. P. Birt, Mr. S. H. Tozer, Mr. F. Campbell, Miss Bell, Miss Wragg, Mr. P. Y. Cheung, Mr. Wang Wang, Mr. K. L. Cheung, Mr. H. C. Li, Mr. J. Fleming.

Mr. F. O. Moseley, Rev. R. Todd, Mr. and Mrs. M. Abdullah and children, Mr. C. K. Cheow, Miss L. Chich, Mr. J. Fant, Cpl. Graham, Mr. and Mrs. A. Grassi, Mr. L. C. Ngan, Mr. L. H. Ngan, Mr. S. C. Piao, Mrs. A. Wafelaar and child, Lt. F. Kitson.

IN TRANSIT

The following passengers passed through Hongkong on Saturday: Mr. H. Craig, Mrs. A. Evans, Mrs. R. Dart and child, Mrs. E. I. Hollies, Mr. and Mrs. R. L. Capt. Dewar, Cume, Mrs. Munro-Faure, Mrs. Hut-ton and children, Rev. and Mrs. Light, Mrs. Milledge, Miss Gausson, Mr. and Mrs. R. Shroff and children, Mrs. Douglas and child, Mr. T. Kazama.

It has also caused unemployment in the heavy industries, because they cannot get enough raw materials.

It will not be long, he said, before the Allies get results from the new measures decided on.

With regard to neutrals, M. Monnet said that the Allied Governments have not the slightest intention of imposing further restrictions on non-belligerents, but mean to stop Germany from exercising pressure and the threat of force on her neutral neighbours to keep up her supplies.

The blockade is the best means of saving human bloodshed. It means the Allies can finish the war more quickly by weakening the enemy until the point is reached where they can strike a decisive blow.

DETERMINED EFFORT
The Allies will pursue the present policy relentlessly until the final victory.

The Allied blockade works two ways—by control of the sea and by purchasing power in neutral countries.

The Allied Governments had decided to buy goods in neutral states even if they did not want them for their own purposes if they thought them essential to the German war effort.

"GOING ON" SPLENDIDLY

LONDON, April 6 (Reuter)—Yesterday's talks between M. Georges Monnet, French Minister of Blockade, and Mr. Ronald Cross, British Minister of Economic Warfare, continued this morning.

The talks have shown complete agreement.

COMPLETE ACCORD REACHED

PARIS, April 6 (Reuter)—The new French Economic Council met today for the first time.

No official statement was issued after the meeting but M. Camille Chautemps, the former Premier, who presided, said complete agreement had been reached on several urgent questions.
